

## Commemorative Books Coverage List

### Climate Change – Washington Post

Date of Paper	Pages	Event Covered (Washington Post)
19 July 2002	A14	“Study fuels worry over glacial melting”
26 Aug 2002	A7	“On farms, a no-till tactic on global warming”
7 Jan 2003	A1 and A10	“Bizarre weather ravages Africans’ crops; Some see link to worldwide warming trend”
13 Jan 2003	A7	“For a change of climate, team treks Antarctica”
8 Jan 2004	A1 and A6	“Warming may threaten 37% of species by 2050”
31 Oct 2004	A8	“Report sounds alarm on pace of Arctic climate change”
13 Oct 2005	A1 and A7	“World temperatures keep rising with a hot 2005”
17 Nov 2005	A20	“Climate shift tied to 150,000 fatalities”
27 Nov 2005	A3	“World leaders to discuss strategies for climate control”
11 Dec 2005	A1 and A27	“U.S. won’t join in binding climate talks”
29 Jan 2006	A1 and A16	“Debate on climate shifts to issue of irreparable change”
20 Mar 2006	A5	“Early Spring disturbing life on northern rivers”
22 Mar 2006	A1 and A16	“Inuit see signs in Arctic thaw”
4 Aug 2006	A3	“More frequent heat waves linked to global warming”
5 Nov 2006	A1 and A22	“Melting Arctic makes way for Man”
20 Dec 2006	A1 and A7	“Washington warming to southern plants; D.C. area’s warming climate now like some southern states”
27 Dec 2006	A1 and A13	“U.S. wants polar bears listed as threatened; Designation may force action on global warming”
3 Feb 2007	A1 and A8	“Humans faulted for global warming”
15 Apr 2007	A6	“Military sharpens focus on climate change”
7 June 2007	A1 and A23	“Icy island warms to climate change”
15 July 2007	A10 & A11	“Turning down the heat: The potential to curb global warming”
16 July 2007	A6	“Clues to rising seas are hidden in polar ice”
20 Aug 2007	A8	“Warming may exacerbate global water conflicts”
17 Sep 2007	A7	“Climate change brings risk of more extinctions”
7 Oct 2007	B1 and B5	“Chill out. Stop fighting over global warming – here’s the smart way to attack it”

22 Oct 2007	A10	<b>“At the Poles, melting occurring at alarming rate”</b>
19 Nov 2007	A6	<b>“Facing a threat to farming and food supply”</b>
16 Dec 2007	A1 and A31	<b>“Bali forum backs climate ‘road map’”</b>
17 Dec 2007	A7	<b>“As temperatures rise, health could decline”</b>
14 Jan 2008	A1 and A10	<b>“Escalating ice loss found in Antarctica”</b>
18 Feb 2008	A5	<b>“Corals may get help adapting to warmer waters”</b>
28 May 2008	A2	<b>“Report details effects of climate change across U.S.”</b>
18 July 2008	A1 and A13	<b>“Warming is major threat to humans, EPA warns”</b>
21 July 2008	A6	<b>“Warming alters predator-prey balance”</b>
27 Aug 2008	A3	<b>“Scientists report further shrinking of Arctic ice”</b>
20 Oct 2008	A8	<b>“Risk of disease rises with water temperatures”</b>
12 Dec 2008	A10	<b>“Developing nations plan emission cuts”</b>
13 Dec 2008	A4	<b>“Interim climate pact approved”</b>
14 Dec 2008	A8	<b>“Next climate summit may turn on rich nations’ approach to poor ones”</b>
7 Apr 2009	A3	<b>“New data show rapid Arctic ice decline”</b>
17 June 2009	A3	<b>“Report on warming offers new details”</b>
20 July 2009	A7	<b>“Chemicals that eased one woe worsen another”</b>
4 Sep 2009	A3	<b>“Emissions linked to end of 2,000-year Arctic trend”</b>
21 Sep 2009	A5	<b>“Firms start to see climate change as barrier to profit”</b>
28 Sep 2009	A5	<b>“Climate-change study cites role of ancient farming”</b>
19 Nov 2009	A1 and A12	<b>“A climate threat, rising from the soil”</b>
19 Dec 2009	A1 and A6	<b>“Climate deal falls short of key goals”</b>
4 Oct 2010	A4	<b>“Threat of global warming sparks U.S. interest in geoengineering”</b>
29 Nov 2010	A9	<b>“Mexico aims to be a leader in emissions reduction”</b>
12 Dec 2010	A4	<b>“193 nations sign climate-change package”</b>
17 Jan 2011	A4	<b>“Melting glaciers threaten Peru on many fronts”</b>
16 May 2011	A7	<b>“Retreating Arctic ice opens way to resources”</b>
11 Dec 2011	A8	<b>“Delegates at U.N. climate talks work to salvage a compromise”</b>
12 Dec 2011	A1 and A5	<b>“Outcome of climate talks falls to Asia”</b>
3 July 2012	A3	<b>“Concern about the climate declines”</b>
6 Aug 2012	A1 and A6	<b>“On Alaskan coast, the ancient ways are melting away”</b>

28 Aug 2012	A2	“Near North Pole, sea ice shrinks to a record low”
3 Dec 2012	A6	“Aid reaches far, wide to buck global warming”
9 Jan 2013	A1 and A12	“New U.S. heat record has scientists voicing concerns on climate”
10 June 2013	A16	“Pollution on a ‘dangerous trajectory’ – Energy emissions are outpacing climate goals, global report says”
10 Oct 2013	A12	“Study offers a climate-change clock”
23 Nov 2013	A3	“Climate conference’s results expected to be modest”
7 May 2014	A1 and A6	“Study: Climate risks growing; Every part of U.S. being affected”
15 May 2014	A3	“Hurricanes’ peak power shifts to new areas, scientists report”
9 Sep 2014	A9	“Study: Warming threatens half of bird species”
8 Oct 2014	A3	“Study: Cities at risk of daily flooding”
2 Dec 2014	A3	“Diplomats confront stark divide as climate talks open”
5 Dec 2014	A1 and A2	“Pace of Antarctic melt sets off alarm”
13 Feb 2015	A3	“Three-decade ‘megadroughts’ forecast for Southwest”
25 Feb 2015	A1 and A4	“As ice melts, the future fades; Climate change may force Alaska natives to abandon their village”
17 Mar 2015	A3	“Antarctic glacier melt could be double trouble”
21 Aug 2015	A3	“Climate change cited in Calif. Drought”
4 Sep 2015	A6	“A tiny symbol of climate change”
8 Oct 2015	A8	“Warming seas could lead to large coral loss”
27 Nov 2015	A1 and A12	“Many U.S. glaciers could vanish in a few decades”
28 Nov 2015	A1 and A6	“A warming globe brings invisible threat: Disease”
29 Nov 2015	A1, A12 & A13	“Climate-change warnings include rising seas and wild weather shifts. But giant flying bolders?”
1 Dec 2015	A10	“Arctic ice melt has animals migrating to strange places”
13 Dec 2015	A1 and A20	“Historic pact to curb emissions is approved; Paris Accord aims to wean globe off fossil fuels”
21 Jan 2016	A1 and A11	“2015 is hottest year on record”
31 Mar 2016	A1 and A12	“Study jolts sea-rise predictions; New projection portends seas swallowing cities by 2100”
22 Apr 2016	A2	“Nations to sign climate accord at U.N.”
13 Sep 2016	A5	“Study details climate’s effect on wheat”
5 Oct 2016	A9	“European Parliament votes to ratify Paris climate pact”
5 Nov 2016	A8	“As Paris climate pact takes effect, world’s leaders tangle with a long

		to-do list”
1 Jan 2017	A1, A6 & A7	“With enough evidence, even a skeptic will thaw”
30 Apr 2017	A3	“200,000 march on D.C. for climate”
13 July 2017	A3	“One of largest recorded icebergs breaks from Antarctica”
8 Aug 2017	A1 and A14	“Melting glaciers leave Peru vulnerable”
5 Sep 2017	A1 and A18	“Cold political truth emerges in Arctic”
6 Nov 2017	A6	“U.S. mostly on the sidelines at annual world climate meeting in Germany”
19 Jan 2018	A3	“The planet had its hottest four years in recorded history, U.S. scientists say”
20 Feb 2018	A13	“Off target, with catastrophic consequences; Many nations aren’t living up to their promises in the 2015 Paris climate accord”
14 June 2018	A2	“Antarctic ice-melt rate has tripled in past decade”
6 Dec 2018	A1 and A7	“Global carbon reaches record; India, China and U.S. helping to drive spike in emissions”
8 Dec 2018	A1 and A8	“Off course, on a warming planet; No ‘silver bullet,’ climate expert warns”
11 Dec 2018	A3	“Study: Climate change increased likelihood of disasters”
12 Dec 2018	A1 and A12	“Arctic has lost 95% of its oldest ice, study finds”
16 Dec 2018	A1 and A17	“Climate deal a step, not a leap; Poland plan builds on Paris accord”
1 Jan 2019	A3	“2018 was replete with extreme signs of climate change”
8 Jan 2019	A3	“U.S. greenhouse gas emissions spiked 3.4% in 2018”
25 Jan 2019	A3	“2018 likely to be fourth-warmest year on record, and a sign, scientists say”
16 Mar 2019	A4	“Students worldwide march for action on climate change”
21 Apr 2019	A14	“Alaska’s warm spring brings dangerous thaw”
29 Apr 2019	A22	“As climate shifts, lost creatures wash up on Calif. shores”
14 Aug 2019	A1, A10 & A11	“Extreme climate change is here; Parts of the U.S. have already crossed a critical warming threshold”
15 Sep 2019	A1, A14 and A15	“Dangerous new hot zones are spreading around the world”
6 Nov 2019	A3	“More than 11,000 scientists around the globe declare a ‘climate emergency’”
19 Nov 2019	A3	“Climate change is endangering 60 percent of Superfund sites, report finds”
8 Dec 2019	A1, A12 & A13	“California’s unending climate fight”
11 Dec 2019	A18	“The Greenland ice sheet’s losses have rapidly increased, 89

		<b>scientists say”</b>
13 Dec 2019	A8	<b>“Vulnerable nations make frustrations clear at talks”</b>
2 Jan 2020	A4	<b>“A lost decade for climate action: We can’t afford a repeat, scientists warn”</b>
20 Feb 2020	A1 and A4	<b>“Boston thrived by the sea. Now, it fights rising water”</b>
5 June 2020	A5	<b>“Despite pandemic-related emissions drop, Earth’s CO2 levels at record high”</b>
23 July 2020	A3	<b>“Climate study rules out less severe warming scenarios”</b>
10 Aug 2020	A1, A14 & A15	<b>“Where the water bakes away; Areas in and around Colorado’s Western Slope have warmed at double the global average”</b>
27 Nov 2020	A1 and A16	<b>“An ancient people with a modern plan; For the Swinomish, the warming world has been a punch to the gut”</b>
10 Dec 2020	A3	<b>“U.N.: World remains on pace for catastrophic warming”</b>
30 Dec 2020	A3	<b>“In Greenland, scientists plumb depths of climate threat”</b>
15 Jan 2021	A3	<b>“2020 rivals hottest year on record as critical mark nears”</b>
8 June 2021	A4	<b>“CO2 in atmosphere hits a record high despite pandemic”</b>
17 June 2021	A19	<b>“NASA: Earth trapping ‘unprecedented’ amount of heat”</b>
18 June 2021	A3	<b>“Climate change fuels record-setting heat across West”</b>
10 Aug 2021	A1 and A4	<b>“Panel says pace of climate change is ‘unprecedented’; U.N. findings are ‘code red for humanity’”</b>
